Forward

There is an overwhelming gap in the supply chain of quality medical equipments and medicines in the developing countries. There are insufficient medical equipments and medicines, the existing medical equipments/medicines are either dysfunctional or expired and unable to meet the needs of the patients.

Liviton investments Ltd is a private company registered in Uganda that is committed to solve this problem. Our core purpose is to promote the provision of quality medical care through the supply of quality medical equipments and medicines in Uganda and neighboring countries.

The company key objectives are:

1. To manufacture, import and distribute quality medical equipments and medicines
2. To manufacture, import and distribute quality drugs and vaccines
3. To conduct medical research research in the utility of medical equipments and medicine
4. To construct, renovate and build hospitals, schools and roads

Our core values are

- Agility: We are flexible and easily adapt to the changing needs of our clients
- Accountability: We accept responsibility and respect all our clients
- Innovative: Our products are evidence based, efficient and effective.

We have supported both government and the private sector to ensure improved access to quality medical equipments and medicines in Uganda. As part of our corporate responsibility, we raise awareness in the community in the prevention of communicable and non-communicable diseases.

Dr. Chris Rawlings Kaganda
Executive Director
